

RESTORING THE PATIENT-PROVIDER CONNECTION

As a **Certified Primary Care Medical Home**, our providers build strong provider-patient relationships to develop an understanding of each patient's unique circumstances, medical history, and preferences. Armed with this knowledge, our providers offer treatment plans tailored to individual patient needs. These connections are immensely valuable in fostering open communication, shared-decision making, and empowering patients to become partners in advocating for their own well-being. Get to know our Apache Junction providers:

Angela Webb, DNP, FNP

As the Primary Care Medical Director, Angela Webb's expertise in chronic disease management and her passion for addiction and substance use disorder treatment make her the ideal healthcare professional to guide you toward improved well-being. With a Doctor of Nursing Practice degree and board-certification by the American Association of Nurse Practitioners, Angela is committed to addressing your medical needs and providing the support you deserve.

Board-Certified • Doctor of Nursing Practitioner • Family Nurse Practitioner

Charlene Diaz, FNP

Charlene Diaz, a licensed Family Nurse Practitioner, brings a wealth of knowledge and experience to her practice. With a strong background in emergency nursing and a passion for patient education, Charlene is dedicated to providing up-to-date, evidence-based care. In her role as your healthcare provider, she is dedicated to providing you with exceptional support and guidance throughout your journey to better health.

Family Nurse Practitioner

Sabrina Marmont, FNP

Sabrina Marmont is a compassionate licensed Family Nurse Practitioner dedicated to providing exceptional care. With a background in intensive care nursing and a genuine desire to treat patients like family, Sabrina's goal is to create a collaborative and personalized healthcare experience. By actively listening and tailoring treatments to meet individual needs, she ensures the highest quality care for every patient she serves.
