

Horizon Health and Wellness is your **BEHAVIORAL HEALTH HOME**

Comprehensive Care, Personalized Support, Healthy Future

What to Expect at a Behavioral Health Home

Personalized Support

Each person receives tailored care to meet their unique needs through our person-centered approach. We develop care plans to ensure you get the right support at the right time.

Community Resources

We link individuals and families to resources in their communities, making it easier to access local support. We also assist with school-based services to help children succeed in their education.

Health and Wellness Goals

We encourage healthy behaviors by providing resources, materials, and activities to help reduce barriers and improve health outcomes, helping you reach your wellness goals.

Comprehensive Care

We combine medical, behavioral, and social services to provide holistic care for you. Our team works together to manage your health and wellness, ensuring you receive the best possible support.

Specialized Services

Our care coordination ensures smooth transitions between different care settings, including medical, lab, pharmacy, and transportation services for comprehensive support.
